## ANNUAL BOARD OF DIRECTORS OPEN POSITION NOMINATIONS

It's that time of the year when we begin looking for members with strong leadership abilities and a commitment to help the Club move forward. This year we will be filling three Board Member positions.

Under Article VI of the Bylaws of Greene Hills Country Club, the Nomination Committee "shall nominate one candidate for each position to be filled. Not more than four (4) weeks and not less than two (2) weeks prior to the Annual Meeting, the Committee shall make a written report to the Voting Membership of its nominations..."

Your Nominating Committee will begin interviewing candidates during October. The selection process will include the candidate preparing a brief resume and meeting with the Nominating Committee. The Committee plans to have all candidate meetings completed by the end of October. If you have any questions, please contact Monte Aspelmeier (417-827-5064).

If you are interested or you would like to suggest a potential candidate, please contact one of your Nominating Committee members:

### From the Board—*Charley Murphy, President*

It's hard to believe this year is nearing the end. The golf season is slowly winding down, the pool will be closed and hopefully this incredible heat will let up. The end of the year also means the Annual Meeting of Greene Hills Country is coming up in December. I encourage all of you to plan to attend this meeting. We will be electing three candidates to the Board and will be seeking approval of Bylaws changes.

You may have noticed on the front page of this Greene Sheet that the Nominating Committee is seeking candidates for next year's Board. Greene Hills Country Club is unique in the fact that it is *Member-owned*. What that means is, the management of the Club comes from members volunteering their time serving on the Board, serving on committees and working on projects. Without people stepping up to participate in these activities, our Club could not function and would not survive.

Members that have concerns about how the Club is being managed, please put your talents to work by running for a Board position or by serving on a committee. It's getting extremely difficult to persuade members to serve on the Board. They either do not feel they have the skills, do not have the time, or are afraid of other members being critical of how the Board is managing the Club. First, everyone has skills that can be invaluable, if that person is so inclined to make the effort. Second, Board meetings are held once a month for 2-3 hours, committees meet even less. And last, when members complain, it's usually because they have not received the correct information. If that is not the case, then perhaps that member would be a great candidate for a Board or committee position! Please think about it! Can you serve?

Please take time to thank Scott and the grounds crew for keeping our course so nice during this incredible stretch of hot weather. One thing that bugs me is the way the holes are being treated. The cup sidewalls are getting mashed, bent or crushed or whatever you want to call it. This seems to come from two sources, people getting their ball out of the hole with their putter or stretching the cup with the putter to see if the putt is "in the leather". I know we are not going to stop these, but let's try to be more gentle and think of our fellow members.

### Annual Cart Storage Rent

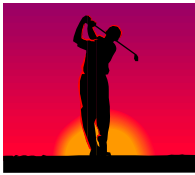

Annual fees for 2011-2012 cart storage will be billed in September. Full payment is due in October. If you have changed your cart position in the electric cart barns or the gas cart sheds, please let us know at the front desk. The yearly Cart Information Forms will be mailed with your shed rent invoice. We would appreciate it if you would take the time to fill these out and return them to the office. This information is kept on file to help you, in the event of a catastrophe or theft. Also, please remember, members are responsible to provide insurance coverage for their personal carts.
